Data Analyst

Post Date	April 29, 2024
Location	Dallas, Texas
ZIP	75254
Job Type	Contract,Perm Possible

Job Description

The successful candidate will help engineer data solutions and provide visualizations to derive insights. The analyst should have experience in data mining and transformation, developing data pipelines, and creating visualizations. Presentation skills are required to explain data architecture, expose insights in the data, and lead conversations with the leadership team. Work with stakeholders and subject matter experts to derive and understand business outcomes. Possess competencies with SQL and data transformation tools to understand and prepare data. Familiarity with 'Modern Data Warehouse' architecture using cloud based storage solutions and data orchestration (e.g. Blob storage, Azure Databricks, Azure Data Factory, etc.). Familiarity with data visualization tools such as Qliksense and techniques in translating business analytics needs into data visualization and semantic data access requirements. Works with data engineers to facilitate technical design of complex data sourcing, transformation and aggregation logic, ensuring business analytics requirements are met. Assist in generating hypothesis that drives strategic questions about the leasing business. 3 Days onsite in Addison 2 days remote.

We are a company committed to creating diverse and inclusive environments where people can bring their full, authentic selves to work every day. We are an equal opportunity/affirmative action employer that believes everyone matters. Qualified candidates will receive consideration for employment regardless of their race, color, ethnicity, religion, sex (including pregnancy), sexual orientation, gender identity and expression, marital status, national origin, ancestry, genetic factors, age, disability, protected veteran status, military or uniformed service member status, or any other status or characteristic protected by applicable laws, regulations, and ordinances. If you need assistance and/or a reasonable accommodation due to a disability during the application or recruiting process, please send a request to HR@insightglobal.com (mailto:HR@insightglobal.com).
